Dr Tsuyoshi Kaneko is a cardiac surgeon and Assistant Professor of Surgery at Brigham and Women’s Hospital and Harvard Medical School in Boston, Massachusetts.

CTSNet | The Cardiothoracic Surgery Network
MMCTS brings online training for cardio-thoracic surgeons to an entirely new level with step-by-step video demonstrations of surgical procedures, supported by succinct text and clear graphics. It is published as a free service by the European Association for Cardio-Thoracic Surgery.

MMCTS - The Multimedia Manual of Cardio-Thoracic Surgery
The European Journal of Anaesthesiology publishes original work of high scientific quality. Preference is given to experimental work or clinical observation in man, and to laboratory work of clinical relevance. The journal also publishes commissioned reviews by an authority in a field of interest to those working in anaesthesiology, pain or intensive care.

European Journal of Anaesthesiology (EJA)
Cardiothoracic surgery (also known as thoracic surgery) is the field
of medicine involved in surgical treatment of organs inside the thorax (the chest)—generally treatment of conditions of the heart (heart disease) and lungs (lung disease). In most countries, cardiac surgery (involving the heart and the great vessels) and general thoracic surgery (involving the lungs, esophagus, thymus, etc ...)
